| Oskaloosa Public Library | | Service to Homebound Patrons | |
| Policy: | | | |
| Adopted: | January 2006 | Last Revision: | - |

Existing and potential patrons may request homebound delivery service from the Oskaloosa Public Library. This service is intended only for those patrons who have disabilities or mobility limitations that make visiting the library in person difficult. Once an application is completed and approved, the patron will be added to the homebound delivery route and receive visits at regular intervals.

Items will be delivered and picked up during the patron's delivery window. If the patron wishes to schedule a different time or cancel an individual visit, the request must be made at least 24 hours in advance.

Items checked out to homebound patrons may be renewed automatically up to two times. Homebound patrons will not be charged overdue fines, but will be billed for lost or damaged items.

Library cards may be issued to homebound patrons at the delivery site with proper identification.

VHS and DVD items are not available for homebound delivery.

Service is only available to citizens residing within the city limits of Oskaloosa.
